

Our commitment to a healthy, safe, and nurturing environment

Fall 2020 Registration is Open

We are excited to re-open TBI Preschool for the 2020-2021 academic year. We are looking forward to welcoming your child to our safe, secure, and nurturing community.

We have been closely monitoring the impact of COVID-19 and recommendations provided by the CDC, CA Departments of Education and Social Services, and the LA County Public Health Department. We are committed to meeting and exceeding all health and safety guidelines to keep your little ones safe. Here is what you can expect.

A Community with Limited Exposure

- Cohorts of 10 or fewer children with 2 dedicated adults
- Cohorts will be organized around schedules, as cohorts will remain together throughout the day and will not interact with other children in the preschool

Health Checks Each Morning

- A morning health check for staff and children ensure adults and children are ready for school
- Pick up and drop off will be at the gate as parents will not be allowed on campus
- Families are expected to notify us of any positive exposure and/or symptoms

Healthy Hygiene Routines

- Children wash hands throughout the day
- Snacks and supplies are brought from home and kept separate
- Adults on campus are limited to staff who wear masks to limit exposure

A Commitment to Rigorous Cleaning

- Restrooms and outdoor play equipment are cleaned after each use
- Classroom materials and surfaces are disinfected throughout the day
